## PROJECTS

### Eduverse - Comprehensive Education Management System

- Developed a scalable platform using Angular, Spring Boot, and MySQL to manage student records, attendance, grading, and events.
- Designed a responsive UI with Angular Material and implemented RESTful APIs for seamless frontend-backend communication.
- Integrated role-based access control (Admin, Faculty, Students/Parents) to ensure secure operations.
- Utilized Hibernate for database interactions and optimized performance with stored procedures in MySQL.
- Features include real-time notifications, analytics, and parent portal for tracking performance and attendance.

### **OLPX** - Online Product Exchange System

- Designed and developed a platform for buying and selling second-hand products.
  - Initially built using Java, JSP, JDBC, PostgreSQL, and Bootstrap.
  - Upgraded to modern tech stack: Spring Boot, Hibernate, React, and PostgreSQL.
  - Features included product listing, user authentication, AI-based recommendations, and secure transactions.
- 

## **INDUSTRIAL TRAINING**

### **Java Full Stack Training** *(Kiran Academy, Pune)*

**Apr 2024 - Jan 2025**

- Gained proficiency in Core Java concepts, including Object-Oriented Programming, Java Collections, Multithreading, and Exception Handling.
  - Mastered backend technologies like Hibernate, Spring Boot, Spring MVC, and Spring Security for building scalable and secure applications.
  - Developed dynamic and responsive front-end applications using Angular, HTML, CSS, and JavaScript.
  - Worked extensively with MySQL for efficient database operations and integration in full-stack systems.
  - Built a fully functional CRUD application utilizing Spring Boot, Hibernate, MySQL, and Angular, showcasing end-to-end development skills.
  - Enhanced skills in RESTful API design and integration for seamless client-server communication.
  - Strengthened communication, leadership, and teamwork abilities through collaborative project work.
- 

## **CERTIFICATION**

- **National level Quiz Competition -RBNB College**
- **Core Java Industrial Interview Questions -Beginner to Expert-Udemy**
- **Java Logic Journey: Solving 30 Logical Challenges-Udemy**
- **Create a Google ads search campaigns -Google**
